

KILLS SELF IN FIT OF ANGER FOLLOWING QUARREL WITH WIFE

FREEPORT MAN DRANK CARBOLIC ACID AFTER THREATENING SUICIDE.

KISSED DAUGHTER "GOOD BYE."

Was of Nervous Temperament and Often Flew Into Rage Without Cause.

While in a fit of anger, George B. Timms, 38 years of age, residing at 24 Sheridan street, yesterday drank the contents of a two-ounce vial of carbolic acid, his death following in less than half an hour. The death is a very sad one. Mr. Timms was a hard working and thrifty young man and an ideal husband when his high temper did not get the best of him.

Testimony at the coroner's inquest yesterday brought out statements to the effect that the deceased was of a nervous temperament and flew into a rage without a moment's notice and without cause. It was also stated that he had several times threatened to take his own life while in that condition and has informed his wife that he would leave home and never come back. Five years ago he left his home and went west, remaining for several months. He then wrote asking forgiveness. Mrs. Timms readily forgave him and he returned. Mrs. Timms did not take her husband's threats seriously, as he had made many, so his actions yesterday did not alarm her until she heard the carbolic acid bottle crash to the floor and break. Then Timms came down stairs, bade his little daughter Blanche goodbye and ran to the home of a neighbor.

Mr. Timms was a man who busted himself at home when not at work. He was a carpenter by trade and has been working on the new State bank building. He rented several lots adjoining his home which he kept in faultless style, and everything about the house was in keeping. He made preparations to shingle his home and yesterday morning worked at that for a while. At 9 o'clock he came in for breakfast. He sat down to the table and began to quarrel with his wife. She remained silent. He became more abusive and she reprimanded him for his actions. Without further argument he broke several dishes, and then started up stairs, saying that he would end it all. He was in the upper rooms but a few moments when Mrs. Timms heard a bottle fall to the floor and Timms came down stairs, saying "Well, I have done it. I fixed myself this time." He turned to where his little daughter Blanche was sitting. He leaned over her, kissed her and said, "Goodbye, Blanche." He then ran out of the house and to a neighbor, Leslie Askey. Here he stated, "I fixed myself this time. I will not be here much longer." These are the last words he said to anyone. Mrs. Timms went upstairs and found the empty carbolic acid bottle. She ran to the Askey home and told them her husband had taken carbolic acid. Medical aid was summoned. Drs. Collins and Shaw responded. They found Timms at his home, where he had been taken. He was unable to speak. His throat was swollen from the acid and his death was but a few moments away. The acid was taken at 9:20, and just 20 minutes later the man died.

State's Only Leprosy Patient Improving Under Treatment At Watertown Asylum

Springfield, Sept. 13.—The surprising improvement in the condition of Miguel Vasquez, the state's only leprosy patient, who is now quarantined in the lepersorium at the Watertown state hospital, Rock Island, Ill., is being watched with interest by Dr. Geo. A. Zeller, chemist of the state board of administration, and other physicians.

Vasquez has been treated with a medicine called chaulmoogra oil, obtained from India. Within the last few weeks he has shown marked improvement, although leprosy is universally believed incurable and in an advanced stage improvement is considered remarkable.

The patient has been in the advanced stages, the disease having progressed to such an extent as to disfigure him with growths on the forehead resembling horns. These and other body sores were about to form ulcers when the oil was applied. They have now practically disappeared.

Vasquez has been a ward of the state since last March. He was found in a Mexican section camp on the Rock Island railroad. His wife lives with him in the isolated quarantine house. They assist in their maintenance, raising a few garden and farm products.

ONE MAN STABBED IN CHICAGO

Police Were Called to Quell Election Riots There.

(Associated Press)
Chicago, Sept. 13.—With a relatively heavy vote reported today in several of the northern districts and keen interest in central and southern portions of Illinois, partisans made no change in their predictions for victory for their respective candidates. The police were called to quell disputes at the polls in several wards in Chicago. One man was stabbed.

BRINTON VOTED EARLY THIS MORNING

Gubernatorial Candidate "Done His Duty" At Polls.

Wm. B. Brinton, Dixon's candidate for the gubernatorial nomination, for Governor, cast his primary ballot at 8:30 o'clock this morning at the polling place at Raymond's coal office, and as he entered the booth he was the recipient of many expressions of best wishes.

ZAIMIS' RESIGNATION ACCEPTED BY KING

RETIREMENT OF MINISTRY INDICATES EARLY ENTRANCE IN GREAT WAR.

SERBS RESUME OFFENSIVE

Take Small Town—Berlin Says That French Attacks Have Been Repulsed.

(Associated Press)
Athens, Sept. 13.—King Constantine of Greece has accepted the resignation of Premier Zaimis and his cabinet. Entente capitals believe the retreatment of Zaimis and his ministry is preliminary to the entrance of Greece in the war on the side of the allies. That this is regarded probable is indicated by recent dispatches from Berlin and Vienna.

Allies Take City.
French and Serbian troops have taken the offensive on the western Macedonian front and have captured the town of Sorovitz near Florina. In violent fighting in the vicinity of Lake Ostrove the Serbs gained considerable ground.

French Make Gains.
Paris, Sept. 13.—On the Somme front the French captured the village of Bouchavesne in the region of Comblès, and on the Verdun front the French progressed in the northern part of the Parvaux Chaplery wood. The general situation on the French-Belgian front is unchanged.

No Change of Policy.
Berlin, Sept. 13.—Leading statesmen express the opinion that for the present, at least, no question of a change in Germany's submarine policy will arise.

Aerial Engagements.
Paris, Sept. 13.—On the Somme front aeroplanes fought seventeen engagements yesterday in which two German machines were brought down and four others appeared to be badly injured.

Berlin Statement.
Berlin, Sept. 13.—Violent Russian attacks on the Carpathian front have been repulsed with heavy losses. In Transylvania, German troops have been brought up and are in contact with the Roumanians. On the western front German troops are engaged in heavy fighting between Comblès and the Somme. French entered Bouchavesne on the Verdun sector, but east of the Meuse, French attacks failed with sanguinary losses.

MRS. CHARLES ALLEN IS DEAD

Former Woosung Woman Died In Nebraska Home.

Word was received this morning by friends in Dixon of the death last night of Mrs. Charles Allen at her home in Trenton, Neb., following an operation for appendicitis. She was, before her marriage, Miss Mary L. Prescott of Woosung. She is survived by her husband and three children—John, Nina and Helen.

WORRY CAUSED MOTHER'S DEATH

Mrs. W. T. Smith, Amboy, Passed Away Monday.

Mrs. W. T. Smith, mother of ex-Coroner Charles T. Smith, passed away at the home of her daughter, Mrs. Culler, southeast of Amboy on Monday, death resulting from worry and nervous shock over the serious illness of her daughter, Mrs. Edward Morris, who lives on an adjacent farm. Funeral services will probably be held Thursday, although definite arrangements have not been made because of the critical stage of Mrs. Morris' illness.

QUARANTINE LIFTED

STRIKERS SHOT IN CLASH

Interference With Men Remaining at Work Cause Bloodshed.

Muncie, Ind., Sept. 13.—In a clash between strikers of the Skillen-Gooding glass factory at Yorktown and employees who refused to leave their work, Paul Este, twenty-four years old, one of strikers was shot through the abdomen and is in a critical condition. Another bullet took away a part of one of his fingers of Robert Este, also a striker.

According to the story told by the strikers, they met Walter Said, one of the employees who refused to join the strikers, and others on their way to go to work. They declare Said immediately drew a revolver. The strikers attempted to take the weapon away from Said and in the scuffle two shot were fired. The bullets hit the Estes brothers.

FAIR BABY SHOW CALLED OFF

Infantile Paralysis Causes Step to Be Taken at Illinois Exhibition.

Springfield, Ill., Sept. 13.—One of the most interesting as well as educating features of the Illinois state fair "went by the boards" when the state board of health ordered all baby contests called off on account of the prevalence of infantile paralysis. The Illinois state fair baby contest recognized as the biggest in the state. It was instituted last year and proved one of the biggest hits of the fair. The "contest" was not only a contest for mothers, but it was a school as well.

COMPANIES TO FIGHT STRIKE

New York Traction Lines Reject Commission's Offer.

(Associated Press)
New York, Sept. 13.—The Interborough company and the New York Railways company today rejected the Public Service commission's recommendation for a suspension of the strike and a settlement of all difficulties by arbitration. A powerful bomb was found near Borough Hall, a subway station in Brooklyn, last night. Little or no damage was reported during the night.

New London, Sept. 13.—President Wilson left at 6 o'clock this morning for his summer White House at Long Branch. Physicians told Wilson that his sister, who is growing weaker, would be under opiates and unable to recognize him. She may live several days. Wilson will return if her case takes a turn for the worse.

ILLINOIS OFFICERS IN TROUBLE

Gen. Funston Wants Two Returned For Trial.

(Associated Press)
San Antonio, Tex., Sept. 13.—Gen. Funston has requested the war department to return for court martial, Captains Walerath and Laas, quarter masters of the First and Second Illinois regiments. They are charged with desertion and are valued at \$15,000, property of the U. S. army.

Walerath and Laas have returned north and have not yet been mustered out. The animals were turned over to the two regiments when they came south and it is not known what became of them.

Cost Of Elections In Illinois Becoming Grave Problem--Chicago Spent Million

Springfield, Ill., Sept. 13.—The apportioning general election which about wind up balloting in Illinois for 1916. There have been so many elections this year that the question of cost has become a grave problem.

The Legislative Reference bureau estimates that the cost of elections in Chicago alone during 1916 will be approximately \$1,470,717, made up of the following items:
Services of judges and clerks \$442,700
Printing stationery and office supplies 218,458
Rental of polling places 208,710
Storage, delivery and collection of polling booths, etc. 101,364
Furniture, fittings, etc. 70,485
Regular and extra office force 329,000
In the entire state there are 5306 precincts, 2382 of which are in Cook county.
There are 2250 precincts in the city of Chicago. The expense for these is \$35 a precinct for salaries of the judges and clerks alone. It is estimated the downstate cost is almost the same for each precinct.
The cost of a single state election is about \$350,000. Fewer than 300,000 voters were cast at the presidential primary last spring, which made the cost of each ballot about \$1.17.

BIG VOTE RESULTED FROM INTEREST IN MANY CLOSE FIGHTS

GOVERNORSHIP CONTESTS ON TWO BIG TICKETS HAS AROUSED VOTERS.

PREDICT BIG LOWDEN VICTORY

Brinton Is Expected To Carry Lee County—Representative Fight Is Close.

Politically speaking this has been an exciting day. The polls opened at 6 o'clock and at several precincts a dozen or more voters stood waiting to vote their choice for nomination. All day long automobiles were busy gathering in stray votes.

The voting was fast from the beginning and the speed kept up all day until the polls closed.

Good Vote Out.

Lee county got out a good vote. The interest in the primary is far beyond expectations. In every township the farmers left their work and went to the polls to vote.

The fact that the fight was so intense on the head of the ticket, no one wished to take a chance on having his candidate fall behind.

Up to press time it looked very much as if the republicans would nominate Lowden; aside from the gubernatorial contest, however, no one is able to make even a good guess. Barr's friends have given out a statement that their candidate was far in the lead in Lee county, but several of his opponents are running too close to bring comfort to the Barr people.

Vote for Brinton.

The democrats voted in full force, owing to the fact that Lee county had a candidate, in the person of W. B. Brinton, the popular manufacturer of Dixon, for governor.

Indications are that Brinton will poll a splendid vote in Lee county and the Dunne forces will be unable to head off the Brinton support here. The contest for representative was more interesting than at first anticipated. Leech and Carpenter, both of Amboy, had friends working all day at every precinct in the county. The outcome of this contest is not even a guess, for the candidates seemingly were running neck and neck.

The democrats are voting a full ticket. The word went out over the county late last night to write in the names of persons selected by the party leaders in Dixon, the ticket appearing elsewhere in the Telegraph.

Woman Candidate.

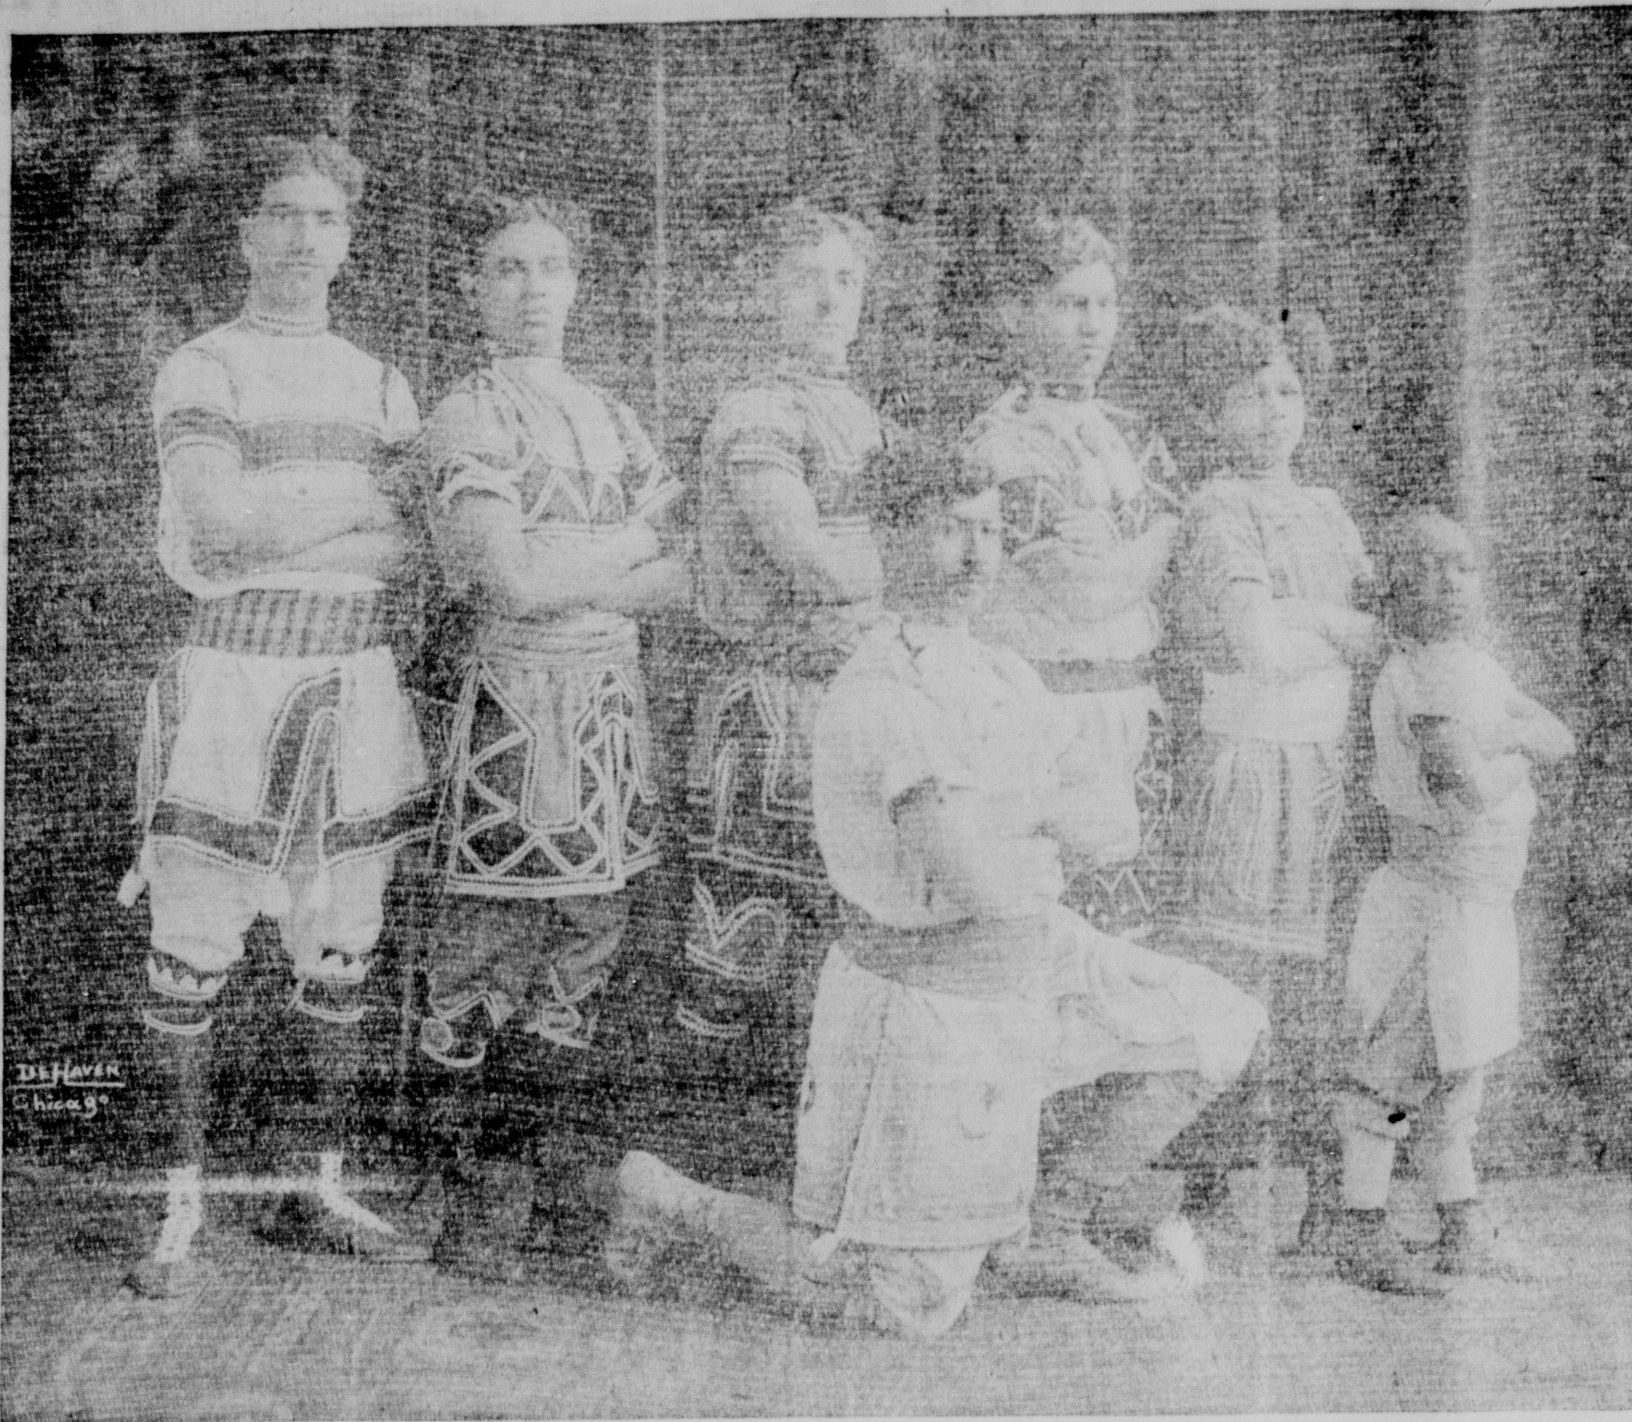

The democrats sprung a surprise this morning when the name of Mrs. Ruth Godfrey was given out as the party's candidate for the state board of equalization.

The chances are Mrs. Godfrey will be the only woman candidate for the office in the state and her candidacy will create considerable interest, not only in the 13th congressional district, but over the state, among democrats.

Mrs. Godfrey declared today that she is in the fight to win and will make a fight for a place on the state board.

Owing to the close contest it is doubtful if the result of the primary will be given out much before midnight.

Old time political workers predict Lowden's nomination by a big majority, with Smith second and Hull running a close third.

AT AMBOY FAIR

Seen in The Movie Land

PRINCESS THEATRE

E. Forrest Taylor and Nita Davis will appear at the Princess theatre to night in a photoplay entitled "The Madonna of the Night."

A daring subject, delicately handled in an inoffensive manner through the efforts of Director Wm. Bertram is one of the strongest and most interesting features of the forthcoming 3-part release, recently completed at the American Mutual studios.

The cast appearing in this production is unusually competent, consisting of Miss Davis and Mr. Taylor, Bessie Banks, L. W. Fordyce, Madeline Fordyce and Trixie Stuart in an especially exacting role of a woman of the lower life. Mr. Coolidge has arranged the scenario consistently with plenty of pathos and emotional appeal to balance dramatic actions, which are injected in the even tenor of the story.

Also "Doughnuts," a Beauty comedy, and "Growing Thinner" a Vogue comedy will be shown.

ROCHELLE.

Rochelle, Sept. 11.—The Third Regiment of Ill. Volunteers were guests of the Co. M. boys of this city in their third annual reunion to day. Every company in this regiment was represented. Spanish-American war veterans including Col. Fred Bennett of Joliet, and Lieut. Col. Arthur E. Fisher of Rockford, to the number of 125 were present. Delegates from Joliet, Ottawa, Aur

ora, Rockford, Pontiac, Streator, Elgin, Woodstock and DeKalb were present. The life and drum corp from Rockford furnished music for the occasion.

Capt. Ben Hall of Streator, presided and called on addresses from Mayor W. B. McHenry, Comrade A. Sylvester, Col. Fisher, Atty' C. E. Gardner of Rochelle, and Col. H. Sanders of Rochelle Post.

Rochelle Post of G. A. R. was invited to share in the festivities.

The fourth annual reunion was voted to Kankakee. Officers elected were: P. T. Lambert, Kankakee, president; Philo A. White, of Joliet, vice-president; and A. L. Roson, of Joliet, secretary and treasurer.

The veterans made their headquarters in the Chamber of Commerce rooms and dinner was served to the soldiers by the Ladies Aid society of the Methodist church.

Rochelle was the scene of a regular baseball game Sunday when the Rochelle Orioles copped the rubber from the Oregon Mutuals, 11 to 9. Lead to believe that Oregon had secured the services of Jim Scott, the White Sox pitcher, Rochelle secured Carlson, the Rockford Three I league hurler. Oregon used Graham, Moline Three I leaguer, and Nordman, the fast home boy. Only 29 batsmen faced Carlson, the Rockfordite fanning 15 and driving out two neat two-baggers. There were 1085 paid admissions to the game.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."

Mrs. J. S. Barlow, 1624 South 4th St., Columbus, Ohio.
Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

Week-end in Chicago

Miss Edna Decker returned Monday evening from a week-end visit with her sister, Mrs. H. D. Roiler, of Chicago.

For Miss Schuck

A surprise that was a surprise, and in no way calling upon the "surprise" to "register" surprise with out feeling it, was perpetrated upon Miss Myrtle Schuck last evening by the members of the Loyal Daughters Class of St. Paul's off which Miss Eleanor Powell is the teacher.

The event was a miscellaneous shower, the second affair given for Miss Schuck since the announcement of her engagement to Wilbur Bates.

The eight o'clock car was taken to the hospitable Schuck home in Palmyra, and Miss Schuck taken quite unawares, Mr. Bates, Miss Schuck's fiancé, Mr. and Mrs. Richard Schuck and baby, and Clarence Schuck, as well as Miss Schuck's parents, Mr. and Mrs. Daniel Schuck, were guests of the class members for the occasion. The evening was spent very informally and very pleasantly in looking over the many handsome gifts brought by the class members, reading the small poems attached, and in music and games. Supper was served by the class members and proved to be a very appetizing banquet of good things—salads, sandwiches, fried chicken, cake and what not.

The class business meeting was held in conjunction with the shower, and class officers were elected for the new year. Miss Marjorie Biothower was re-elected president, Miss May Peterson, secretary-treasurer, and Miss Lulu Hill, third member of the executive committee. It was further decided that the class would respond to the suggestion of the Sunday School superintendent and become a Teachers' Training class.

Entertained Rochelle Club

Dr. and Mrs. A. W. Chandler of this city, assisted by Mrs. Alexander Luther, Mrs. Chandler's sister, and Mr. Luther, entertained today the club of Rochelle ladies of which Mrs. Chandler and Mrs. Luther are members, together with the husbands of the members.

The guests included Mr. and Mrs. Brundage, Mr. and Mrs. L. E. Pelek, Mr. and Mrs. A. B. Sheadle, Mr. and Mrs. Willard Graham, Mr. and Mrs. A. W. Guest, Dr. and Mrs. Kittler, Mr. and Mrs. Hamlin, Dr. and Mrs. A. B. Elmer, Mr. and Mrs. M. D. Hathaway, Mr. and Mrs. D. W. Baxter, Mr. and Mrs. Howard Morris, Mr. and Mrs. Frank Barker, and Dr. and Mrs. Edward Valle.

The guests arrived on the 10:20 train and were taken by launch to Grand Detour, where dinner was served at noon at the Colonial Inn. Return was made to the Chandler North Dixon residence where various kind of diversions awaited the guests and, at five o'clock, lunch was served under the direction of a caterer, secured for the occasion.

Entertained Class Members

Mrs. George W. Stoddard entertained twelve ladies, the members of her class in the Baptist Sunday school at her home last evening. A biblical guessing contest was one of the interesting features of a very delightful evening. Brick ice cream and cake were served by Mrs. Stoddard in the course of the evening.

Home Baking Sale

The Zion Missionary Society will hold a Home-baking sale next Saturday at Tillman's drug store.

Primary Prayer Meeting

"Go-to-Prayer-Meeting" Campaign begins tonight at the Presbyterian church. Everybody come and watch it grow. Subject, "A Vocation and Prayer." We want 100 Prayer meeting goers by November 1st. We are waiting to count you in. A letter from the war zone in Africa from Herbert Greig tonight. Watch the bulletin board at the Presbyterian church across from the Court house.

Social Success

Inclomency of the weather had little effect upon the social held last evening at the home of Mrs. Martha Shipper of St. James, as a large number was present and the delicious home-made ice cream was disposed of with no difficulty. In fact because it was home-made and more than ordinary delicious, it went with the celerity of the proverbial "hot cakes."

\$15.00 was the neat sum netted by the St. James ladies who were giving the benefit for their church, agreeable social time—one of those good times always to be had at the hospitable Shipper home—was not the least feature of the evening.

Swiss Bell Ringers

On September 21st, the Swiss Bell Ringers, a musical aggregation which has been heard with pleasure previously in this city, will give two entertainments at the Methodist church under the auspices of the Epworth League, matinee performance.

ance especially for the school children and a full concert in the evening for adults. The Epworth League is to be congratulated on securing the services of these musicians and a large audience no doubt will reward their efforts.

Returned to Lyons

Miss Nellie Becker returned to her home at Lyons, Iowa, Monday evening, after a visit at the A. W. Harma home.

Royal Neighbor Meeting

A regular meeting of the Royal Neighbor lodge will be held tomorrow evening in Miller hall.

Instructor at Missouri U.

Charles Lowery left Saturday for Warrensburg, Missouri, where he has been engaged as instructor in band and orchestra music at the University of Missouri, a signal honor but well deserved. Mr. Lowery was on a visit here with his parents, completing his work with the Chautauqua, N. Y., orchestra. Mr. Lowery met his wife in Chicago, and from there they went to Warrensburg, which they write, is a town of a very attractive appearance and one which they think they will like.

Motor Trip

Mr. and Mrs. Isadore Elchler and Mr. and Mrs. Max Elchler returned Monday from a motor trip including Streator, Starved Rock and Ottawa.

Will You Give Us Your Opinion?

You have read a lot lately, about the Railroad Problem.

You know that a law has been passed which means, for one thing, that the railroads are going to spend more money for operation and similar activities than heretofore.

You know that this may mean INCREASED freight rates and passenger fares.

The PUBLIC, therefore, is MOST vitally concerned.

"THE PUBLIC" means YOU, no matter who you are, where you live, or what you do.

Therefore, because railroad problems are VITAL, and because railroad problems AFFECT YOU, you should study them RIGHT NOW. And to protect your personal interests, your judgment must be based on FACT.

Service, Rates, Stations, Safety, Courtesy and a number of OTHER railroad subjects deserve more of your attention than you've been giving them.

A little thought will show you why a fair, correct understanding of the "MEAT" of railroad matters could be to YOUR advantage.

If you agree with this, may we have the benefit of your opinion? Will you spend two cents for a stamp and take the trouble to address an envelope and send back the vote-coupon in the corner?

Yes? THEN VOTE! You don't have to sign your name. Just mail the coupon to the Bureau of Railway Publicity of Illinois, 38 South Dearborn Street, Chicago, and DO IT RIGHT NOW. Tear out the coupon before you turn the page. Thank you.

COUNTRY AND CITY.

The backwoodsman who, when visiting the city gazes at skyscrapers, goes wild with amazement when a fire engine dashes by, tries to mail letters in fire alarm boxes and does other funny things to brand him as unsophisticated, is and always has been the target for the city man's jests.

The city dweller is prone to consider himself smarter than the country man, and the man from the rural districts is generally looked upon as a joke when he hitches up and drives cityward.

But, let's see if he is a joke, after all.

Let's analyze the facts.

Isn't it true that, despite his so-called verdancy, the country man comes very nearly getting away with the lion's share of the good things of life?

Isn't it true that two-thirds, possibly three-fourths of the United States senators and congressmen are country bred?

Isn't it a fact that nearly every president has sprung from the country, at least from a small city?

And isn't it a fact that many of the great railway executives began life either on farms or in villages?

How many city born and city bred men have ever been elevated to the presidency?

Think closely and you will find but very few.

Moreover, among lawyers, merchants, editors, preachers, inventors and empire builders, you will find that a large percentage of the really successful ones came from rural environment.

The man from the farm or the small town may be a bit shy of the great white lights of the city, he may gaze in wonderment at the height of the buildings and he may be everlastingly green all the way through as to the "town's fixin's," but, as a rule, he takes the lead over the typical city man in landing the things of this life that are really worth landing.

After all, results count.

If you will enter into careful analysis, you will find that the city man gets the glitter while his bucolic brother remains in the background sacking the real gold.

BLOOD IN BOOKS.

To get material for "realistic" literature, two Maine boys, well educated and possessing some talent for writing, have shot to death two men.

A plea of insanity is being made for them.

It would be better to make a plea of insanity for the public that demands and reads the kind of books in which such realism as this is depicted.

These two boys, poor fools, are only creatures of conditions. They put into literal act the popular literary taste.

Oceans of blood have to be spilled each year in books to meet the exacting requirements of modern readers. More people are killed in novels than in histories; that is to say, more lives are sacrificed for the pleasure of the public than are lost in war, famine and pestilence combined.

These two boys took a logical view of the situation. Before one can write with proper thrilling qualities about the killing of people, one must know how killing is actually done, and must experience the real sensations that go with it.

Surgeons learn the action and the relations of the organs of the human body, not by guessing nor by imagination, but by vivisection. They relentlessly take life that many more valuable lives may be saved. Of course if there were no diseased people the cruel method would be uncalled for.

Something of the same process must be gone through with by the would-be novelist who would be true to his art and would give to the public thrills that are no misfits.

If the reading public did not so imperatively demand wholesale slaughter in books for its entertainment, then there might be some ground for the charge that these two young Maine realists are insane. But as it is the insanity charge can better be applied to the novel-reading public.—Rockford Register-Gazette.

DIRTY MONEY.

There is a good deal of complaint about the condition of paper money, says the Freeport Journal-Standard. It is remarked that the bills are unusually dirty and a possible menace to health. Certainly there are some of us who feel that fresh clean notes are less common than they used to be, although just as much currency may have passed through our hands.

To cleanly people, a soiled bank note, bearing the accretions of a thousand hands, has its unpleasant suggestions, notwithstanding its perfectly good purchasing power. One feels doubly rich with a little roll of new bills, even if they are of the smallest denomination.

People who like clean money have one recourse always open. That is to cultivate the use of gold. To this the objection is felt that the shiny coins are easily lost. Also they are occasionally mistaken for bright new Lincoln pennies, or in the dusk for nickels.

Yet the people of Europe use gold very freely and like it. They learn from youth to carry it in separate purses, and probably do not use as much of it as our careless people. The yellow coins have a most musical jingle. One feels like a lord with a small number of them in his pocket.

But the use of paper notes has become an ingrained habit of our people. That being so, the government should keep them clean. It seems rather absurd to spend millions in health department work, while permitting dirty and germ carrying bills to circulate freely as they do. Banks and stores that make a practice of giving out as much clean money as possible make themselves popular among people who dislike dirt.

PREACHER AND JUDGE FIGHT

Former Starts Trouble by Yanking Cigar from Court's Mouth.

Bloomington, Ind., Sept. 13.—While the Rev. James C. Pearson of Worthington was being tried in the Police Court here for blocking a street while he was holding a street meeting, the street preacher and Special Judge Roy Buckley got into a fight and had to be separated by policemen.

After the evidence was completed Buckley told the minister he would give him ten minutes to plead his own case, as the preacher was not represented by counsel. The Rev. Mr. Pearson arose, took out his watch and began to talk. Buckley lighted a cigar. This aroused the preacher's wrath and he said: "You are doing wrong in smoking in a judge's chair. I won't have it." Pearson jerked the cigar out of Buckley's mouth and the judge started after him. Then the officers separated them. Judge Buckley sent the minister to jail for thirty days for contempt of court.

By Order of the President, Emmagene Morris.

Nelson Reunion. The following poem was written and presented by one of the former Nelsonites attending the Nelson school reunion at Assembly Park, Tuesday:

The Nelsonites are honored here on For we've gathered for a picnic in the good old fashioned way. mates years ago!

We almost always obeyed the rules as well as children do.

Besides our dear old schoolhouse was Allison's store,

Where we bought licorice and gum drops, traded eggs for candy mice.

Sometimes on a rainy day when we couldn't play ball,

We had little dance or two right on the schoolhouse floor;

No music, but our teacher's sang and always gave the call—

It beat the tangoest tango at many fancy balls.

And then these exhibits which were where Mary Phillips, Walter Wood bridge, and Davis would shine.

Sunday School and church and didn't mind it much. everyone of us feels,—

We'd fall prey to automobiles!

I'm going to try to mention the Though, like as not, I'll skip a lot, and probably get in bad.

There were Wilbur, James, and Loanie, who sat in the back seat.

And the stunts those three boys did would be very hard to beat:

Agnes, Julia, Mena, Sallie, Hattie, Nina, Jane and Libbie, Jean-

ie, Maribah, Katie, Ida, Nettie, Jess and Will.

Blanche and Mina, George and Lyman, Robert and a Nancy.

Burton, Mary, Fred and Charlie, Johnnie and the boy Delaney,

Jeremiah and Diana, Rhoda and Elma, Isabell and Anna,—

—Fully three score,

Please forgive—no slight is meant more.

Some remain and are with us today; others have gone on before.

Our children and grandchildren are And we trust they'll hear no ill of us today that may disturb their mind.

Now, while our dear schoolmates, Mina Stone, way from Florida is here—

We all just get together, her pathway far to cheer;

And we've greeted one another as we used to years ago.

With a hand shake and a "Howdy" or maybe it was "Hello"

For we just despise such manners as keeps each other apart,

And makes the chills run down our spine and pains go to our heart.

Now, let us try to each one relate some comical event

That we all did together when on some mischief bent.

Do any of you remember when we played that measley trick so as to get home quick?

Among our teachers, kind and true, there but few remain—

Booth, Williams, Pratt, and Christie —and we hope that they all came,

And we earnestly hope their memories may but recall the best.

That is, their scholars, did in school and give the bad a rest;

I hope that ne'er shall we forget this occasion and dear friends;

until our journey ends.

We have brought along our dinners and of good things we shall eat.

And as we are all of us feeling young, we sure 'll enjoy a treat.

Now before I give someone else a chance I want to say this much

Let's give three cheers for Mina, including all the bunch.

We have never known a season when there was more charm and grace or common sense than is being shown in women's suits and coats this fall.

The new coats come in three main styles, the belted effect, the type that hangs straight from the shoulders, and the loose flowing effect with long flaring lines.

In suits the leading materials are Gaberdines, Poplins, Whipcords Serges and Broadcloths. The colors most in favor are navy blue, brown, black and green.

All sorts of picturesque variations in the collars, cuffs, pockets and buttonings make the new coats fashions unusual, individual and interesting.

Many women are already making their selections of new fall garments. They find it a great pleasure to be among the first to wear the new style.

They realize that early buying gives them a longer season of service and that it also means that they are prepared for the first cool days and evenings that will soon mark the approach of cooler weather.

Cars Built for City
Streets Unsuitable

GEORGE W. JAGGERS

is one of the big figures in the automobile world. He is a successful builder. He is a genius of organization, a master executive. Mr. Jaggers has seen the biggest opportunity yet offered by the automobile building field. There are SIX MILLION prosperous American farmers. Of this number ONLY 7 PER CENT OWN AUTOMOBILES. This is largely due to the fact that cars built for city streets and boulevards are not strong enough, powerful enough or reliable enough to be useful to the farmer, who requires an exceptional car, capable of the unusual work asked of it.

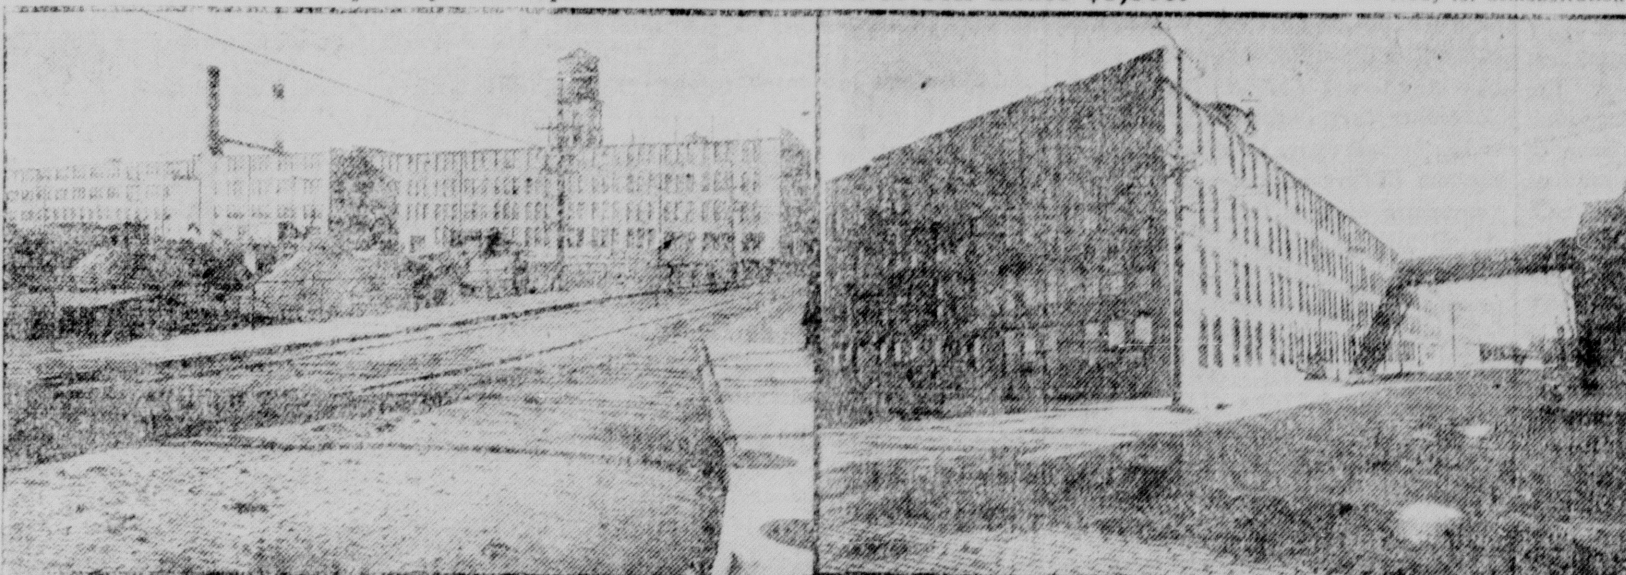

COMET SIX Roadster and Touring Car

is the new car to be built by Mr. Jaggers and his associates of the Comet Automobile Company, an automobile company which gives promise of being one of the strongest and biggest in the country. Comet cars will be built FOR THE FARMER. They will be handsome in appearance, as the designs Mr. Jaggers offers here indicate. But better than handsome looks will be the power, strength, reliability which they will give. The Comet cars will be extra strong in construction, extra powerful, simple in construction so as to make them easy to care for, and economical in upkeep, fuel consumption and tire wear.

The Motor Full of "Pep"

The motor of the Comet cars will deliver a world of power. There will be plenty of "PEP" under the hood to give plenty of speed and drive the car through mud, sand, snow, slush or boggy clay. It is a champion "hill-climber" motor that will fear no grades, yet so flexible and responsive that slow speed "on high" will be just as easy as high speed over good roads. It is a car built for service. While the Comet cars are built especially to satisfy the need of the SIX MILLION farmers, it is a car that will please the exacting requirements of the city man, and its great strength, speed and reliability, combined with great beauty of lines, will make it a car to be proud of on the finest boulevards.

Comet cars will be the only cars of this power, speed, quality and splendid lines offered to sell under \$1,000.

The mammoth factories of the Racine Manufacturing Company of Racine, Wis., built up by Mr. Jaggers from nothing into a \$1,366,666 concern, with a staff of 1,400 employees and a bi-monthly pay roll of \$38,900. This shows the typical organizing power and driving force of this young giant of industry.

Millions Made Building American Automobiles

A financial publication claimed recently that over \$75,000,000 in dividends would be paid out to owners of automobile stocks this year. The enormous growth of the automobile industry has been the most amazing thing in the history of American industrial enterprises.

No other industrial enterprise has paid such dividends in such a brief space of time. When it is considered that the Ford Motor Company has paid probably \$5,000,000 for every thousand dollars of the original investment of \$20,000 which started this company twelve years ago, it is fascinating to consider what even a small investment of, say \$100, would have brought in to the investor. Yet Mr. Ford had a harder time raising the first few thousands of dollars than he would now have raising a hundred million dollars.

People who regret lost opportunities should remember this. If Henry Ford had come to YOU twelve years ago and asked you to invest with him some of your savings you probably would have been afraid to. If he had talked you over you would probably have tried to invest just as little as possible. Whose advice at that time would have been best? Yours or Mr. Ford's?

The Ford company is only one of dozens of auto concerns that have made millions. John Willys started the Overland company with \$10,000. It is now rated at \$40,000,000 and every \$100 bill of the original investment has become worth \$400,000. One Reo stockholder who invested \$100 early in the history of that company recently computed his original investment had a present value of \$119,000. Two years ago Saxon Motors gave a bonus of 25% common stock with the preferred. Recently that bonus, or gift stock, was worth \$1,250 per share.

To profit by the enormous increases in values of automobile stocks it is necessary, however, to BUY EARLY, before the companies begin to show large earnings. That is how a few foresighted people have grown fabulously rich. We offer you an exceptional opportunity in COMET AUTOMOBILE COMPANY shares. We fully believe that this stock is destined to rival any of the great companies with their phenomenal earnings. The era of automobile manufacturing is only beginning to reach its greatest success. The big fortunes are still to be made, now that experimental work, development work and the inevitable mistakes of any new business have been eliminated.

Comet Automobile Company stock offers you a great opportunity. We urge you to fill out the coupon below and mail it AT ONCE with the amount of your purchase, or at least 25% to reserve the quantity of stock you desire. Stock subscriptions are LIMITED to a maximum of 50 shares (\$500) and a minimum of 5 shares (\$50). WRITE AT ONCE.

STOCK COUPON

Comet Automobile Company,

Comet Six Roadster

A Handsome and Powerful 2-Seated Automobile, Full of "Pep" and Real, Honest Quality.

The Greatest Opportunity Ever Offered Investors

We are firmly convinced that an investment NOW in Comet Automobile Company stock offers the greatest opportunity for large profits offered to-day to American investors.

The Comet Automobile Company is capitalized for 100,000 shares, all common stock of the par value of \$10 a share. All stock is protected by the assets of the company, all participates equally in the profits of the company, all is voting stock, giving every investor a voice in the management of the company.

At its head is Mr. George W. Jaggers, a manufacturer of automobile parts who has created in the Racine Manufacturing Company of Racine, Wis., one of the biggest and most successful producing plants in the country. He has built all parts for automobiles except axles, and has supplied some of the biggest concerns in the country.

The management of the company is efficient, economical, sound and conservative, and in thoroughly capable hands.

The company has practical assurances of a market for 3,000 cars the first year, which would insure a dividend of 30 PER CENT on its total capitalization. It is expected to have the first car ready for demonstration and exhibition in sixty days. All plans, details, etc., are completed for this purpose.

With such a car, such an immediate market, such possibilities for immediate returns, there is every reason to believe that this stock will double or treble in value inside of a year. As such this looks like an exceptional opportunity for investment.

It is the plan of the company to create a larger interest in Comet cars by limiting strictly the amount of subscriptions accepted for stock. Under no condition will subscriptions for more than 50 shares (\$500) or less than five shares (\$50) be accepted by the company. For those who are not in position to pay the full amount at once arrangements will be made to accept 25% of the amount down with order for the stock, the balance payable in three installments of 25% a month.

In case of oversubscription those paying outright for their stock will have the advantage, and other subscriptions will be distributed pro rata. Only a limited amount of stock is being offered.

An extremely economical plan of manufacturing has been decided on, which will be fully explained in our prospectus, which we will gladly mail on request.

USE THE COUPON BELOW FOR INFORMATION.

HARMON

Harmon, Sept. 11—Geo. Swartz of Dixon was a Harmon caller Friday.

Mrs. B. F. Swab went to Dixon Friday to remain a few days.

Mr. and Mrs. L. B. Swab motored to Dixon Friday on business.

Frances Kugler went to Peoria Friday to visit with her aunt at that place.

The ball players were out practicing last Friday; they expect to have a match soon.

The Highway Commissioners have several bridges that ought to be repaired; the planks are not in very good condition and are not safe to cross with a heavy load; they fear autos considerably when they cross on them, especially if they drive fast; there are some muddy and rough places that ought to be smoothed down, either by a drag or a grader; they would be more pleasant to travel over by an auto or a heavy load of grain.

W. H. Kugler was having some repair work done on the telephone line Saturday.

D. D. Considine painters finished their work of painting on the store buildings Saturday.

The farmers are now all busy doing their fall plowing.

Some burglars broke into the Keltchner saloon Friday night and stole some of their liquors; how much they took they did not know; they think that it was home talent.

I later learn that they stole over one hundred dollars worth at the saloon.

The latest report of the saloon robbery is that the safe was broken open and one hundred dollars taken from it.

Albert Talbott was drawing lumber out to the Joseph Scanlan farm. Lawrence Garland was a caller in Harmon Saturday.

Herman Schultz was a caller in Harmon Saturday.

Roy Brooks of Hamilton was a caller in Harmon Saturday on business.

Peter Fitzsimmons was a caller in Harmon Saturday.

Geo. Brooks of Hamilton was a caller in Harmon Saturday.

J. H. Hicks of Hamilton was a caller in Harmon Saturday.

James Egan was a caller in Harmon from Hamilton Saturday.

Brill and Conner were out Saturday doing some repair work on pumps; water is scarce above ground as it is all dried up.

Alfred Clatworthy was a caller in Harmon Saturday.

Tim Dumphy was a business caller in Harmon Saturday.

James Frank was doing business in Harmon Saturday.

There is now a hotel in Harmon; they are taking in boarders; two of the school teachers are taking room and board; there are transients who call there every day and get their meals and lodging, which is very convenient for them.

The mail train going east Saturday morning was delayed between Harmon for some time; the engine had something wrong with it.

The poultry man was here from Walnut Friday gathering what he could about Harmon.

Every person who had potatoes planted this year say that the crop has been very short since they have been digging them; one man said that he never had such a poor crop. They were early potatoes; the late one will be an entire failure.

Miss Leafy Hettinger was married a short time ago to Joseph Smallwood at her grandparents home in southern Illinois, thereby changing her name from Hettinger to Smallwood; all of her friends were surprised to hear of it and wish her much joy and a long and happy wedded life; both the parties are fine young people and have many friends in and around Harmon to enjoy their wedded life.

James McCormick has finished his plowing and is now preparing the ground, getting ready to sow the grain.

Seaborn of Marion was a caller in Harmon Saturday.

James Lally was drawing grain to market Saturday.

Martin McDermott of Marion was drawing grain to market Saturday.

Mrs. Henry Roark of Hamilton was in Harmon Saturday shopping.

Harms was in Harmon shopping Saturday.

Sweeney of Marion was in Harmon Saturday shopping.

Albert McDermott was shopping in Harmon Saturday, from Marion.

Wilbur Gatzell was a caller in Harmon Saturday on business.

Miss Nellie Ryan commenced teaching school Sept. 11; the school is not very large.

John W. Wadsworth was a caller in Harmon Saturday on business.

Mr. and Mrs. Sheffer of Rock Falls were callers in Harmon Saturday.

Mr. and Mrs. E. F. Swab of Rock Falls were callers in Harmon Saturday.

Christ Smith of Nelson was a caller in Harmon Friday.

Casper Schulte was a caller in Harmon Saturday.

Wm. Edson was a caller from Hamilton Saturday shopping.

Thomas Drew and family of Nelson were callers in Harmon Sunday.

Carl McWilliams now has a telephone in his residence; it was put in last week.

Tully people of Nelson were callers in Harmon Sunday.

There are no new cases of infantile disease in Harmon; I have not heard of but one; it does not improve very fast from its condition of paralysis.

There are not many cases of summer complaint this season thus far, especially among children as is usual at this time of the year.

The Harmon ball players went to Sterling Monday afternoon to play ball with the Sterling ball team.

Harmon did up Sterling 8 to 2; Harmons are hustlers at the ball game; they may soon want to take a whirl with the cubs or the white Sox.

Joseph Considine went back to work on the section after being off all summer.

There were two preachers at the M. E. church Sunday; Rev. Roberts and Rev. Plants, who preached Sunday morning; they talk of starting a revival.

Joe Faig, who expects to start a barber shop in the Considine building, was in Harmon Sunday. He will also have a pool room connected with it.

Harmon has 26 pupils in the High school room; 12 pupils in the intermediate department and 14 in the primary department.

Mike Purdue was a caller in Harmon Monday doing shopping.

Arthur McKee motored to Harmon Monday morning; he brought a man who went away on the train.

There were parties who motored to Harmon from Amboy Monday.

Staples of Rock Falls was a caller in Harmon Monday.

Later developments show that there were \$240 stolen instead of \$140 as was at first reported.

Casper Schulte was a caller in Harmon Monday.

Judge by the Aroma—Your Nose Knows

Ten different men—or ten different advertisements—will tell you that ten different tobaccos are the best on earth.

Your nose will tell you one tobacco is the best. And your nose knows.

Make this simple test. Rub some TUXEDO briskly between your palms until the heat and friction bring out the full aroma—then hold it up to your nose. Test every other tobacco you can get hold of in the same way. Give them all a fair, square test.

Your nose will say, "Oh, what a difference." Your nose will tell you that TUXEDO is packed full of that delightful fragrance that must mean supreme flavor and mildness. Your nose will tell you that the other tobaccos don't meet the test—that they fall down hard.

Your pipe will back up what your nose says. TUXEDO is as good as its aroma. That's saying a whole lot—but the proof is waiting for you.

BIG RUSS COUP IN CARPATHIANS

Win Kapul Mountain and Other Peaks in New Advance.

BULGARS FLEE IN MACEDONIA

Defeated by Allies in 36-Hour Battle French Advance Over Two Miles. Bulgarians Said to Have Evacuated All Forts at Kavala and Fled. Turks Claim Victory.

Petrograd Sept. 13.—New successes for the Russians in the Carpathians are announced by the war office. Several heights in the Bialy-Cheremosh region near the Bukovina border were taken and held, and Kapul mountain, to the south, also was captured, with nearly 1,000 prisoners. Bulgarians Defeated, Flee.

London, Sept. 13.—The new offensive of the entente allies on the Macedonian front has resulted in the defeat of the Bulgarians, says an Exchange Telegraph dispatch from Athens. The Bulgarians sustained enormous losses in a battle of thirty-six hours, the dispatch says, and are beating a retreat, pursued by the allies.

French Sweep Along Front. Paris, Sept. 13.—French troops on the Macedonian front, taking the offensive against the Bulgarians, have captured all the positions of their opponents on a front of two miles to a depth of about 800 yards. It was announced officially.

The Petit Parisien says it learns from a semi-official source that the Bulgarians have evacuated all the forts at the Greek seaport of Kavala, which they occupied last month. The forts are said to have been handed over to the Greeks. They were of no military value to the Bulgarians after the arrival of warships of the entente allies, whose guns now dominate Kavala.

Bulgarian Village Is Taken. London, Sept. 13.—French troops, co-operating with the British in the new offensive on the Struma front, in Greek Macedonia, have captured a village from the Bulgarians, it was announced officially. The British forces, which crossed the river, have seized Bulgarian trenches on the east bank.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound c. limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

QUICKEST DRIVE OF THE WAR

Over 1,500 Prisoners and Many Guns Taken — Victorious Frenchmer Press On Capturing Two Hills, Marriers Wood and Occupy Road from Bethune to Peronne—Berlin Admits British Gain.

London, Sept. 13.—With the swiftest assault yet recorded in Somme battle, the French captured the whole system of German first line trenches between the region south of Comblès and Somme, accomplishing the feat in less than half an hour. Without a moment's halt, they followed up this success and vigorously pushed forward to east reaping fruits of their initial blow. They took the strategically important Hill No. 145, and captured the whole of Merriera wood. The end of this whirlwind attack saw the French in complete possession of the Tonten trenches as far as the Peronne-Bethune highway, which they are now menacing, having pushed their lines within a short distance of it, parallel to the Reacourt-Bouchavernes sector.

Netted 1,500 Prisoners. Further south they advanced their front to Ridge No. 76, west of Fouillemont. This successful drive adds ominously to the menace of Peronne. It netted the French 1,500 prisoners.

South of the river there was no infantry action. Nor did the British resume the offensive on their part of the front north of the Somme. The Germans throughout Monday night played their big guns against the British sector between Belleville Wood and the Mouquet Farm.

Berlin officially admits that Ginhey Village was lost to the British Monday morning.

French Captures Large. Paris, Sept. 13.—An official review of the Somme operations to date says that numerous German counterattacks between September 8 and 6 cost the Germans enormous losses. During this period the French captured 26 guns, 28 of them of big calibre, six bomb throwers, two trench guns, one machine gun, several hundred machine guns, in captive balloon and about 7,000 prisoners.

Between August 28 and September 9, the French took 1,400 prisoners and thirty machine guns in the Fleury-Vaux-Chapelle sector, on the Verdun front.

HUNGARY FACTIONS UNITING

Coalition Cabinet to Be Formed, It Is Said—Tisza to Remain.

London, Sept. 13.—Reports from Budapest indicate that an agreement has about been reached between the government and the opposition for the formation of a coalition cabinet for Hungary, according to a Reuter dispatch from Zurich.

The groups of Count Apponyi and Count Andrássy, the reports state, no longer insist upon the retirement of Premier Tisza, the demand for which has hitherto constituted the chief obstacle to a settlement. The party of Count Karolyi will not join the coalition, but does not oppose the project for such a government, it is declared.

TOTAL DEPRAVITY FITS IT

Mother of Three Charges Husband with "White Slavery."

Pontiac, Mich., Sept. 12.—On a charge of white slavery preferred by his wife, the mother of his three children, Prows West, formerly of Akroa O., was arrested and bound over to circuit court.

The man signed a written statement admitting that he received money from his wife and that she said she had received it in a shameful life which she had entered at his request. West is being held on \$1,000 bail. Mrs. West was married in 1907 when she was but 15.

RICH MAN IN ARSON CHARGE

John Dolan of Grand Rapids, Declares It Is Frame-up.

Grand Rapids, Sept. 13.—John Dolan, a wealthy real estate owner at Sheridan, who was taken into custody on a charge of arson, declared he was the victim of a "frame-up." Dolan, according to officers, paid Charles Watson and William Reese \$250 each to burn his barn and hotel property in Sheridan, Mich. 14, 1915 and also paid them \$50 each for setting fire to a creamery.

Italians Drive Out Austrians. Rome, Sept. 13.—The Austrians made an attack on the Trentino front in an endeavor to recapture positions taken by the Italians Sunday. The war office announced that the Austrians were repulsed and further progress made by the Italians.

Five Prisoners Escape. Harrisburg, Ill., Sept. 13.—Five prisoners escaped from the county jail by cutting the bars on the cage and then by bursting the bars across the windows.

CORROBORATION

Of Interest to Dixon Readers For months Dixon citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Dixon residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after year had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Dixon reader.

B. A. Worley, blacksmith, 2nd Ave., Dixon, says: "The action of my kidneys was irregular and annoying, and my back ached after using Doan's Kidney Pills, the pains off my back and my kidneys became regular in action." (Statement given May 21, 1912.)

OVER TWO YEARS LATER Mr. Worley said: "Whenever my back gets lame and sore and I need a kidney medicine, I use Doan's Kidney Pills. They give me relief." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Worley has twice publicly recommended. Foster-Milburn Co., Props. Buffalo, N. Y.

MAKE RENT BUY A HOME--Wage Earner's Chance

ON next Saturday, Sept. 16th, at 1:30 p. m., on the premises, I will sell at Public Auction to the highest and best bidder, a neat, comfortable six-room cottage which I have just placed in good condition and repair—a nice, attractive home for the lucky buyer.

Terms—One hundred dollars cash. (\$25.00 on day of sale and remainder within the following week.) Balance payable in monthly installments of \$7.00, same as rent, with 5 per cent interest on deferred payments. As inducement for larger down payment \$25.00 will be deducted from purchase price for every \$100.00 added to cash payment, and in same ratio for less sums. Possession given on completion of cash payment.

The property is the newly painted slate and white cottage about two blocks west of wagon factory in West End Addition known as the May place. New cistern. Best drinking water in the city in wells near by.

Sale absolute: doubtless a bargain for somebody. Expect it to go much below value. Why not pay for a home in a few years with your rent instead of going on as you have been doing with nothing to show at the end that you can call your own. No one is more entitled to a home than you are. Go about it and get one, and be independent. Here is your opportunity to purchase at your own price. Lot 50 x 140 with alley in the rear.

A. C. BARDWELL, Phone R-1184
